# TO: MEMBERS OF THE COMMISSIONERS COURT, ELECTED & APPOINTED OFFICIALS, EMPLOYEES AND CONSTITUTENTS:

Respectfully, I am pleased to present the Brazos County Approved Budget for Fiscal Year 2016. This document is a compilation of many hours of projection and planning by the Commissioners' Court, the Budget Office, the elected and appointed officials and their staff in consideration of the many services Brazos County is responsible for delivering to its citizens.

The financial decisions contained within this document are intended to be representative of the County as a whole and not one individual. This document is submitted in accordance with all statutory requirements and will serve as a platform for the Commissioners' Court to receive comments from the public and carefully deliberate on the contents prior to final adoption. The budget was approved by the Commissioners' Court at 10:00 a.m. on Tuesday, September 8, 2015.

Brazos County, like most governmental agencies across the country, continues to feel the effects of the national economic downturn. While the local economy shows signs of growth, the FY 16 budget was prepared in a conservative manner with an emphasis on maintaining current service levels and rebuilding reserves.

The Chief Appraiser for Brazos County has certified the 2015 Brazos ARB Approved Freeze Adjusted Taxable Value at \$13.6 billion compared to the 2014 of \$12.8 billion. This includes \$414 million in new taxable value that was not on the appraisal roll in 2014.

The FY 2016 Approved Budget is balanced at a tax rate of \$0.485 per \$100 of valuation. The average home value is \$198,435. At a tax rate of \$0.485 per \$100 valuation, taxes paid would be \$962.41 per year or \$80.20 per month on the average home.

The total approved budget is \$166 million for operating, special revenues, grants, debt, capital, and health insurance. Included is approximately 4% Cost of Living Adjustment for all county employees and 5% for elected officials and 1% merit pool funds for some staff to be distributed at the discretion of the elected official or department head. Additionally, the workforce is budgeted at 845 positions, a net of twenty four more positions than in FY 2015.

In recent years, expenditures in the County's self-insurance fund have increased. The approved budget includes increasing medical and dental premiums to all the employees and retirees to help offset the increasing

cost of providing health care to employees and their dependents and retirees. The County will continue to offer dental insurance, however the dental premiums are to be fully funded by employees. The County's contribution for health insurance will increase from \$10,332 to \$10,992 per/employee per year. This is a \$549/year increase to Brazos County for each employee.

Employee premiums will also be increased. The increase will depend on what type of coverage is selected, for example, employee only or employee and children.

Brazos County developed a 5 Year Capital Improvement Plan in 2013 as the first step in planning for future facilities and infrastructure needs. The FY 2016 Approved Budget includes proposed projects along with funding sources and will continue to be a guide for future planning.

The Commissioners' Court approved the sale of \$10 million in Certificates of Obligation (C.O.) during September 2012. Funding was intended to provide for the IV & V Phase of the Courthouse Remodeling project. However, construction costs have increased substantially locally. To complete phase V, \$6 million in certificates of obligation are intended to be issued to finance the construction. General Capital Improvement funds of \$3.3 million are also set aside to complete phase V as well as \$6 in Certificate of Obligation to be issued in the fall.

The Exposition Complex will undergo Phase III Expansion with the issuance of \$3 million in COs in the fall of FY 2016. The Hotel Occupancy Fund will pay for the added expansion as well as funding an additional \$1.6 million to assist with the expansion and repairs.

Technology advances continue to be a priority in an effort to provide our users and citizens with the most efficient and effective means of service delivery. The County continues to work towards the replacement of the judicial software used by law enforcement, courts, clerks, juvenile department and community supervision departments in Fiscal Year 2016. Approximately \$2.7 million has been set aside to fund the software project. \$283,297 is set aside for all the various technology projects.

Brazos County owns many buildings throughout the county, including the Courthouse, Administration Building, Jails, JP Buildings, Brazos Center and various other offices. The maintenance and upkeep of the buildings is a priority. Towards that effort \$1.4 million is included to address roof replacements and A/C units and other Facilities Services projects. This represents a 50% or \$358,057 increase in maintenance projects from last year.

The FY 2016 Approved Budget represents a balanced budget and demonstrates teamwork by the members of Commissioners' Court, elected officials, department heads, employees and citizens in this extensive and complex budgeting process. While the County still faces budgetary challenges for FY 2016, it does so by taking an active approach, controlling costs, making careful expenditures and implementing improved efficiencies while also meeting the increasing demand for services in a growing community.

Respectfully

**Duane Peters** 

**Brazos County Judge** 

# INTRODUCTORY SECTION

# **BRAZOS COUNTY, TEXAS**

In compliance with Local Government Code, Section 111.002 through Section 111.006, this document has been prepared and has been properly delivered to the Commissioners' Court of Brazos County and has been properly filed with the County Clerk of Brazos County for public inspection and review.

#### **BUDGET HIGHLIGHTS**

In accordance with all statutory requirements, the FY 2016 approved budget is balanced with a property tax rate of \$0.485/\$100 valuation.

#### FINANCIAL OVERVIEW

The FY 2016 approved budget totals \$166 million for all funds, including \$102.7 million in General Fund appropriations, \$6.9 million for Special Revenue, \$3.1 million in Grant Fund Revenues, \$11.2 million for Debt Service, \$27.1 million for all Capital Funds, and \$14.7 million for the Proprietary Fund. The minimum required fund balance for Debt Service is \$2,484,200. Approximately \$3.9 million fund reserves are projected for Debt Service at the end of FY 2016. Reserves in other funds reflect Brazos County's commitment to maintain a strong financial position that will enable us to continue to address future unforeseen emergencies.

#### **TAX BASE**

The 2015 adjusted certified appraised value for Brazos County is \$13,604,036,182. This represents a total increase of \$6.1% from the 2014 adjusted certified value of \$12,825,944. The increase in taxable value for 2014 associated with an increase of 61% in mineral interest values over last year. Land market value increased 8% and improvements increased 5%. Personal property increased 12% over last year. However, these increases were offset by a total net increase of 8% due to the homestead cap adjustment, loss of market productivity and loss due to Ag Use. Exemptions have increase by 4% as compared to 2013. The 2014 taxable values are used to fund the FY 15 budget. The average home value in Brazos County has increased from \$189,252 in 2014 to \$198,435. The average home owner will see an increase of \$27.81 per year at tax rate of \$0.485 per \$100 valuation or \$2.32 increase per month.

#### **TAX RATE**

The Brazos County 2015-2016 Approved Budget is balanced at a tax rate of \$0.485 per \$100 valuation which is \$0.014017 more than the effective tax rate of \$0.470983 per \$100 valuation. The "Effective Tax Rate" is the tax rate that would, on average, yield the same amount of taxes on existing property as the previous year. The Commissioners' Court enacted an Over-65 Homestead Exemption of \$75,000.

#### **AD VALOREM TAX REVENUE**

The Brazos County 2016 Approved Budget is balanced at a tax rate of \$0.485 per \$100 valuation.

Based on the current certified tax revenues, the ad valorem rate of \$0.485 per \$100 valuation will result in revenues of approximately \$60.2 million available for the General Fund. The FY 2016 total outstanding debt is \$9.5 million.

#### **EMPLOYEE BENEFITS**

#### **COMPENSTION**

The FY 2016 Approved Budget compensation programs reflect the realities of the continuing difficult economic environment. As demands for services continue to increase in all departments, difficult choices were made during the planning process to develop the approved budget for FY 2016. Last fiscal year the budget included approximately 3% COLA increase for most employees. The FY 2016 budget includes a 4% COLA increase for most employees as well as a 1% merit pool based on departmental salary total. The merit funds will be distributed to employees at the discretion of the elected official or department head based on guidelines approved by the County Judge. The workforce is budgeted at 845 positions which is a net increase of twenty four (24) additional positions from FY 2015 to FY 2016.

#### **BENEFITS**

In recent years, expenditures in the County's self-insurance health fund have increased. During the past several years the Commissioners' Court increased medical and dental premiums to all the employees and their dependents to help offset the increasing cost of providing health and dental care. This budget includes increasing the County's contribution by 6.3% or \$660 per employee per year to \$10,992 from \$10,332.

The Commissioners' Court will also be considering medical plan design changes for employees. Individual and family deductibles will increase as well as individual and family out of pocket charges. Coinsurance will drop from 85% to 80%, office visits will be multi-tiered based on type of doctor visit. Emergency Room Copay will increase from 15% to 20%.

Brazos County has reviewed multiple strategies to help manage the increasing cost in health insurance over the past few years. During Fiscal Year 2014 the Commissioners' Court established a Medical Services division creating a position for a medical director for the jail and juvenile services. The director is managing the care for inmates at the county jail and the juveniles at the Juvenile Services department. The medical director will also manage a clinic for employees. The employee clinic is expected to open for employees at the end of fiscal year 2016. The clinic is expected to implement a wellness component to assist employees and their families to live a healthier and happier life style.

# **Functions of County Government**

Today there are 254 counties serving the needs of over seven million Texans - ranging in size from just 100 residents to over 3 million. Major responsibilities include building and maintaining roads, operating the judicial system, operating and constructing jails, maintaining public records, collecting property taxes, issuing vehicle registration and transfers, and registering voters. Counties also provide law enforcement, conduct elections and provide health and social services to many indigent residents. Increasing county governments are playing a vital role in the economic development of their local areas.

# **Structure of County Government**

The statutory duties and responsibilities of county officials in Texas are numerous. County government is generally an extension of state government, principally focusing on the judicial system, health and welfare services, law enforcement and road construction. Texas counties seldom have responsibility for schools, water and sewer systems, electric utilities and commercial airports. County governments in Texas have no ordinance making powers, other than those explicitly granted by the State Legislature.

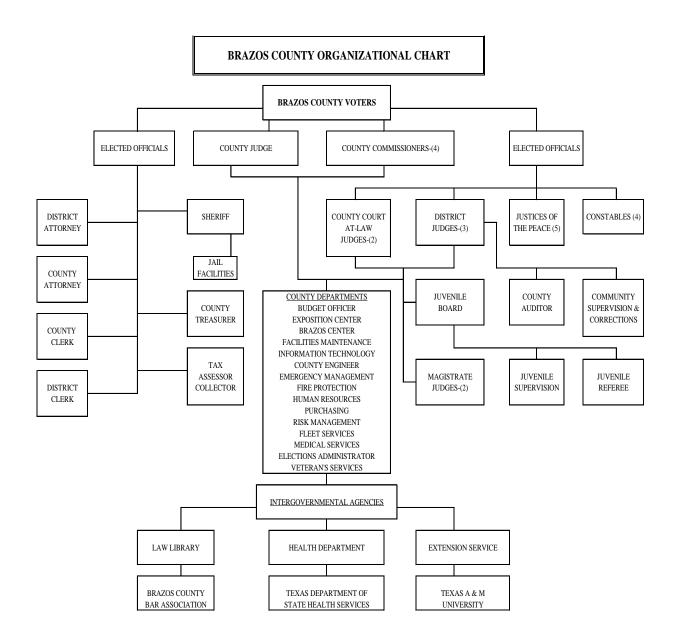

Brazos County shares organizational features with the other 253 counties in the State: a governing body (the Commissioners' Court) consisting of one member elected at large (the County Judge), and four Commissioners elected from respective precincts. The County Judge is so named because he has actual judicial responsibility in all but the largest of the Texas counties. In Brazos County, the County Judge is an executive and an administrator, who's other primary duties are the presiding officer of Commissioners' Court, and performing the duties of the Chief Financial Officer.

The Commissioners' Court of Brazos County serves both as a legislative and executive branch of government, with budget authority over the majority of county offices. Commissioners' Court annually sets the County tax rate, adopts the budget, appoints boards and commissions, approves grants and personnel actions, and oversees the administration of county government. The Court has adopted a classified budget as opposed to a line item budget. The classified budget extends to the elected officials and department heads an element of managerial control.

In Texas county government, there is not a hierarchy level for elected county officials, as all elected officials answer directly to the voters. The Commissioners' Court authority over county offices including elected officials is limited to its authority to approve and disapprove the budgeted funds appropriated for each department's activity.

Elected offices created by the Texas Constitution include County Judge, Commissioner, Constable, County Clerk, District Attorney, District Clerk, Justice of the Peace, Sheriff, Tax Assessor/Collector, and the Treasurer. These officers are elected at large with the exception of the Commissioners, Constables and Justices of the Peace, which are elected by individual precincts.

Offices created by legislative act include State District Judges, County Courts at Law, County Auditor, County Purchasing Agent, County Engineer, Community Supervision and Corrections and Juvenile Probation. The State District Judges and County Court at Law Judges are elected at large. The remaining officials are appointed by various boards.

#### THE BUDGET PROCESS

The FY 2016 Approved Budget covers a twelve-month period from October 1, 2015 through September 30, 2016. The purpose of the budget preparation process is to develop a work program and financial plan for Brazos County. The goal is to produce a budget document that clearly states which services and functions will be provided with the resources available.

The budget document should be clearly understandable by the taxpayers and citizens at large and should be a policy document which defines issues in a manner that allows Commissioners' Court to make sound business decisions regarding county programs and finances. The Commissioners' Court must be given enough information to make funding choices between alternative programs and priorities.

The budget document provides offices and departments with a work program in support of their individual and collective missions. Furthermore, it also provides the Budget Officer and the County Auditor with a financial plan to assure that the County operates within its financial means.

Finally, the budget serves as an important reference document that provides extensive information on the nature and scope of County operations and services.

#### Budget Requests:

During this phase of the budget cycle, departments are given the opportunity to request funding for the next year's operation. This phase is divided into requests for the current level of service (baseline budget), requests for capital outlay, and requests for service level changes.

Baseline Budget – The baseline budget is defined as the level of service currently being provided by the department and should only be affected by workload volumes and inflationary pressures. For budget preparation purposes, requests for new positions are considered service level changes and are not included in the baseline budget.

Budget Criteria for Review of the Baseline Budget – The first step in analyzing a department's budget submission is to review the department's current base line budget and make any needed recommendations for modifications to the base in accordance with the following criteria:

- 1. <u>Workload Decreases</u>: If a department has had a workload decrease (including efficiencies created by technology improvements), or some other programmatic change which has resulted in a lower demand for service, then budget reductions may be recommended to reflect this decrease.
- 2. <u>Changing Circumstance</u>: If circumstances have changed in the community or in the customer base which no longer justifies the continuation of a department's program at its current level, then the budget reductions may be recommended to reflect this change.

- 3. Revenue Shortfalls: If a past program was fully or partially funded based on an expectation of additional revenue and that revenue has not materialized or continued as expected, then budget reductions may be recommended to bring expenses in line with the actual revenue.
- 4. <u>Decrease in Non-General Fund Revenue</u>: If a program was fully or partially funded by Non-General Fund revenue and that revenue has been reduced or eliminated, the increase to the General Fund will be evaluated as a Program Change.

Capital Outlays – Capital outlays are expenditures for the acquisition of capital assets, including the cost of land, buildings, permanent improvements, machinery, large tools, furniture and equipment. Capital outlay refers to those items that cost more than \$5,000 per unit. Requests for new or different vehicles are also subject to the capital outlay process.

Service Level Change Requests – Given the increased costs of overall operating expenses and the impact of those expenses on the County's overall available funds, service level changes that produce savings are looked on more favorably than those that increase costs.

Service Level Change Requests refer to requests that change the level of service or method of operation. Generally, Service Level Changes Requests are for positions, equipment and associated supplies and contractual services necessary to support a new or expanded program. However, they may take the form of service level reductions or eliminations. Information submitted in support of the change describes how the proposal will improve service.

#### Budget Review

Commissioners' Court Workshops – During this phase of the process the County Judge and Commissioners hold budget hearing workshops. Each department is given the opportunity to discuss the department's budget requests. The sessions are open to the public. The Budget Officer includes the Commissioners in each step of the process to ensure that specific requirements are accomplished; that goals are met; and issues are resolved. Elected officials and department heads are asked to highlight specific needs. In this manner the Commissioners' Court may then prioritize requests, prioritizing them against available funding.

Budget Office Review - During this phase of the process, the County Judge conducts a review of departmental requests. Also during this time, the revenue estimates and fund balance projections from the County Auditor will be received. These estimates and projections, as well as tax roll information from the Brazos County Appraisal District and the Tax Assessor/Collector, will be used to formulate budget balancing strategies. This information will form the basis for a priority setting session of the Commissioners' Court.

Once the final tax roll is received and the effective tax rate has been calculated, the Commissioners' Court will be informed on the status of the budget. The Commissioners' Court will give direction relating to any possible tax rate increase or decrease.

Prior to the finalization of the budget, each office is informed of the recommended level of funding for each department. Any disagreement may be appealed by the office or department to the Commissioners' Court during the next phase of the process. The County Judge and the

Budget Office will provide the Commissioners' Court with a balanced budget in the Approved Budget document.

#### Adoption of the Budget

*Commissioners' Court Deliberations* - The Commissioners' Court will hold budget hearings in accordance with the budget calendar. Department officials and outside entities will have an opportunity to meet with the court on these dates or any revisions of these dates.

After the Commissioners' Court completes its deliberations and holds the public hearing (s) on the approved budget, the court will vote to adopt the budget. The Commissioners' Court may make changes to the approved budget it deems necessary prior to the adoption.

#### Implementation of the Adopted Budget

Upon adoption by the Commissioners' Court, a copy of the budget will be filed with the County Clerk. The County Auditor is responsible for the financial accounts of the county and the preparation of the monthly budget statements. The Budget Office is responsible for the daily administration of the budget.

Budget Amendment – Except through certification of the County Auditor and through approval by Commissioners' Court, the total amount appropriated in the budget cannot be amended. However, funds may be reallocated to different expenditure accounts. These types of changes to the budget occur in the form of budget transfers. The following briefly describes the process for approval of budget transfers.

The office or department requests a transfer of funds from one expenditure group to another. The Budget Office evaluates the requests to determine its appropriateness and availability of funds. The Budget Office then forwards the transfer to Commissioners' Court for consideration. If approved by the Commissioners' Court, the Budget Office makes the appropriate changes in the financial management system to reflect the transfer.

#### ACCOUNTING SYSTEM

Basis of Accounting – The County complies with Generally Accepted Accounting Principles (GAPP) and applies all relevant Governmental Accounting Standards Board (GASB) pronouncements.

The modified accrual basis of accounting is used. Under this method, revenues are recognized when they become measurable and available. Measurable means the amount of the transaction can be determined and available means the amount is collectible within the current period. Expenditures are recorded when the liability is incurred except for unmatured interest on general long-term debt, which is recognized when paid.

Basis of Budgeting - The Brazos County budget is prepared on a modified accrual basis consistent with generally accepted accounting principles and budgetary control takes place at the account category level. Under the modified accrual basis of accounting, revenues are recognized for budgetary purposes when they are received or become measurable. For example, property tax revenue is measurable when the statements are produced. Expenditures are recognized when the related fund liability is incurred, such as with issuance of a purchase order.

Revenue Estimates - The County Auditor provides revenue estimates for the upcoming fiscal year. Estimates that are incorporated into the budget document are based on trend analysis, current and/or pending legislation, and economic conditions.

*Budget Control* - The County maintains an encumbrance accounting system as a method of budgetary control. Estimated purchase amounts are encumbered prior to the release of purchase orders to vendors.

Budget Administration- The approved budget is prepared in line item format; however, with the adoption of the budget, administration will be at the category level. This method of budgetary control will allow for individual line item (e.g. Office Supplies) to exceed the appropriated amount as long as the category does not exceed the total amount appropriated for the category. Any transaction that would cause the category to exceed the budgeted appropriation will require a budget amendment or transfer.

Budget Transfers – Budget Transfers fall into two different categories, those that can be approved by the department head and those that require approval of the Commissioners' Court prior to any expenditure of funds. Under state law, the budget cannot be exceeded in any expenditure category. In addition, the total of the budgets for the General and certain Special Revenue Funds cannot be increased once the budgets are adopted unless certified by the County Auditor and approved by Commissioners' Court.

Each expenditure category is the sum of individual, similar line item allocations. (Each group is defined in the Glossary section of the Appendix) This presentation of budget data is designed to provide offices and departments detailed information but with greater flexibility in the management and control of their budgets. This system reduces unnecessary bureaucratic control while continuing to provide sound financial and management information.

Although budgetary data is presented in the budget document according to expenditure category, detailed line item information has been input into the County's financial management system.

The FY 2015-16 Approved Budget appropriates funds using the following expenditure categories.

- Salary and Wages
- Benefits
- Departmental Support
- Repairs and Maintenance
- Minor Acquisitions
- Contracts for Services
- Professional Services
- Community Contracts
- Capital Outlay
- Inter-fund Transactions
- A) Budget Adjustments Transferring funds between line items within each expenditure category for purpose of budget administration can be done by department head or elected officials and do not require further approval of the Commissioners' Court prior to any expenditure of funds.
- B) Budget Amendments All other transfers require approval of Commissioners' Court via a budget amendment request form submitted via the Budget Office. They can take the form of moving funds from one category to another. Additionally, changes in the authorized level of funding that increases or decreases the total, or bottom line, of the budget are also submitted for court approval. Budget amendments may include both revenue and expenditure, or offsetting amounts, and are authorized only by majority vote of the Commissioners' Court.

Fund Balance Classifications – The County's Commissioners' Court meets on a regular basis to manage and review cash financial activities and to ensure compliance with established policies. It is the County's policy to fund current expenditures with current revenues and the County's mission is to strive to maintain a diversified and stable revenue stream to protect the government from problematic fluctuations in any single revenue source and provide stability to ongoing services. The County's highest level of decision-making authority resides in its Commissioners' Court. The Commissioners' Court can commit and assign amounts as needed for specific purposes. It can also modify or rescind unrestricted fund balance arrangements as needed. It usually requires a special meeting or a resolution for the change in committed fund balance arrangements. When both restricted and unrestricted fund balance are available for use, it is the County's policy to use restricted resources first, then unrestricted resources as they are needed. For unrestricted fund balance, the committed amount should be used first, assigned amount next, and unassigned amount should be used last. The County's unassigned fund balances will be maintained to provide the County with sufficient working capital and a margin of safety to address local and regional emergencies without borrowing.

Under GASB 54, fund balances are required to be reported according to the following classifications:

<u>Nonspendable Fund Balance</u> – Includes amounts that cannot be spent because they are either not in spendable form, or, for legal or contractual reasons, must be kept intact. This classification includes inventories, prepaid amounts, assets held for sale, and long-term receivables.

<u>Restricted Fund Balance</u> – Constraints placed on the use of these resources are either externally imposed by creditors (such as through debt covenants), grantors, contributors or other governments; or are imposed by law (through constitutional provisions or enabling legislation).

<u>Committed Fund Balance</u> – Amounts that can only be used for specific purposes imposed by a formal action of the government's highest level of decision-making authority. The County's highest level of decision-making authority resides with the Commissioners' Court. The constraints imposed by the resolution of the Commissioners' Court remain binding unless removed or changed in the same manner employed to previously commit those resources.

<u>Assigned Fund Balance</u> – Amounts that are constrained by the County's intent to be used for specific purposes, but that do not meet the criteria to be classified as restricted or committed. Such intent should be expressed by the Commissioners' Court or its designated officials to assign the amount to be used. Constraints imposed on the use of the assigned amounts can be removed with no formal action.

<u>Unassigned Fund Balance</u> – This is the residual classification of the General Fund. Only the General Fund reports a positive unassigned fund balance. Other governmental funds might report a negative balance in this classification, as the result of overspending for specific purposes for which amount had been restricted, committed or assigned.

#### **FUND STRUCTURE**

Brazos County maintains budgetary control of its operating accounts through the use of various funds. A "Fund' is a balanced set of accounts with identifiable revenue sources and expenditures It is segregated for the purposes of measuring a specific activity. The County's budget contains various funds. This document includes all funds for which the Commissioners' Court has budgetary oversight responsibility.

- The General Fund As a major fund, the general fund is the general operating fund of the county. The general operating fund accounts for all resources not required to be accounted for in other funds. This fund provides for the general government or daily operations for the county. The primary sources of revenue to the general fund are property tax, sales tax, fees, and charges for services.
- **Health Endowment Fund** accounts for all financial resources associated with the establishment of the fund. The corpus of the fund was provided through the State's distribution of a portion of the "Tobacco" settlement in 1999.
- Special Revenue Funds Funds specifically required accounting for revenues and expenditures restricted for specific purposes. Special revenue funds include Hotel Occupancy Tax, State Lateral Road, Unclaimed Property, Law Library, Alternative Dispute Resolution, Law Enforcement Education, County Records Management, County Clerk Records Management, County Clerk Archival, District Clerk Management, District Clerk Archival, Justice of the Peace Technology, County and District Court Technology, Forfeitures, D.A. Hot Check Collection, Bail Bond Board Fee, Voter Registration, Vehicle Inventory Tax Interest, Sheriff Crime Fund, District Attorney Crime Fund, Primary Election Services and Brazos County Housing Finance Corporation.
- **Grant Fund** Funds specifically funded by state or federal agencies to be used to supplement budget allocations and/or in support of services provided by County offices and departments. Also serve as potential seed money for new programs and/or services, particularly within County priority areas of concern, identified gaps in service and other service needs.
- **Debt Services** Fund is used to account for the payment of principal and interest on bonded long-term indebtedness. Primary sources of revenue include ad valorem taxes and interest income.
- Capital Projects Funds specifically designed to account for the acquisition or construction of major capital facilities, major capital improvements, and/or the acquisition of equipment.
- **Proprietary Fund** Fund created to account for the activity within the County's self-insured health insurance program and its group life insurance plan.

#### FINANCIAL SUMMARY OVERVIEW

This budget document includes appropriations for all governmental funds, unless otherwise noted. The audited financial statements include various fiduciary funds that do not fall under the jurisdiction of the Commissioners' Court and are therefore not reported in this document.

#### **REVENUES**

Revenues are most import to the budget process, for without funding there would be no resources to fund the expenditures. County government has very limited resources from which to draw upon and almost all are strictly determined and limited by the state government with very few locally optional alternatives Revenue estimates are provided by the County Auditor and consists of combination of trend analysis, economic forecast, and special conditions. Revenues are categorized in the following manner:

*Property Tax (current)* – Includes all ad valorem taxes collected on the current year's tax roll issued October 1<sup>st</sup>. All collections related to this tax roll should be accounted for as "current" until June 30<sup>th</sup> the following year, at which time uncollected taxes become officially delinquent.

Property Tax (delinquent) – Includes ad valorem tax collections for the current year deemed "past due. This would include all taxes collected from the current year after June 30, and all taxes collected during the year for a previous tax roll year

TIF Payments – Includes all refunds made on Tax Increment Financing Zones. As the property within the TIFZ develops the County collects taxes based on the appreciated appraised values at the rate established annually by Commissioners' Court. Once the taxes have been paid each year the County remits the amount of taxes attributable to the increase in the appraised values (captured value) to the TIFZ to be used to fund the project plan.

*Penalty & Interest on Taxes* - Includes taxes that become delinquent (but not past due) on February 1<sup>st</sup> in the year following the issuance of a tax roll. After February 1<sup>st</sup>, the taxpayer is required to pay a penalty for late payment, as well as interest from February 1<sup>st</sup> at a specified annual rate. This account is used to account for all such penalties and interest collected.

Sales Tax – Includes sales tax revenue received from the Texas State Comptroller for taxes collected in Brazos County for the twelve month period of October 1<sup>st</sup> through September 30<sup>th</sup>.

County Sales Tax – Includes sales tax revenue received from the State Comptroller for taxes collected in Brazos County for the twelve month period of October 1<sup>st</sup> through September 30<sup>th</sup>.

Mixed Drink Tax – Includes tax assessed by local vendors and remitted to the State Comptroller monthly then in turn the State remits the County's portion of the tax to the County on a quarterly basis.

Fees of Office – Fees charged for services performed by county offices.

Fines & Forfeitures – Includes fines assessed by the courts and bond forfeitures.

Interest – Includes revenue received as interest from investments and bank accounts.

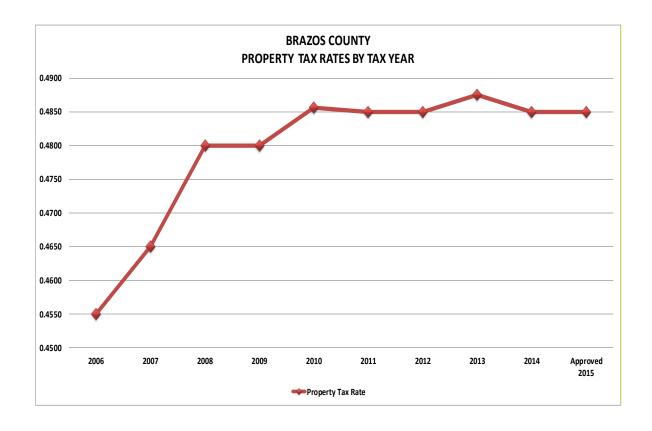

Other Revenue – Includes revenue not classified in another category.

*Reserves* – Includes the use of fund balance unspent from previous years or set aside to meet a specific obligation.

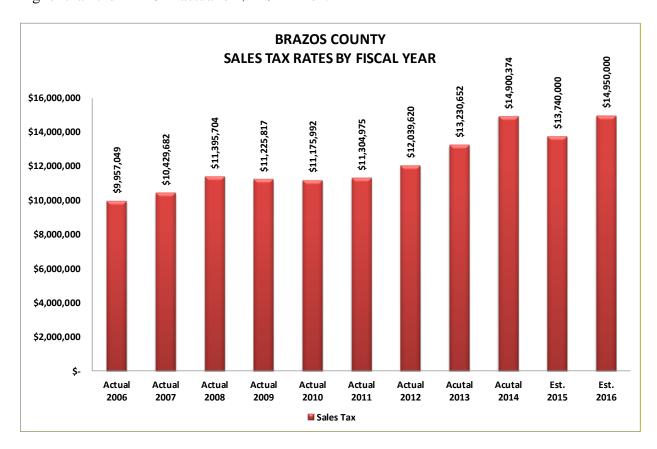

#### MAJOR GENERAL FUND REVENUE HIGHLIGHTS

The FY 16 budget is based on projected receipts of taxes, fees, other revenues and reserves which total \$101 million. The County general fund includes the majority of operational and service activities that the County is required to undertake. For the year ending September 30, 2016 approximately 73.6% of the revenues used to resource General Fund activities are raised primarily from ad valorem tax and sales. Use of Reserves makes up the next highest category of resources at approximately 13.8%. Major categories of revenue and the projection assumptions are as follows:

**PROPERTY TAXES:** The County's total property tax receipts comprise approximately 59% of revenues and are estimated at 7% more than the 2015 approved amount. This revenue projection reflects property tax collected for the general fund and capital improvements. The general fund portion of the current tax rate is budgeted to increase from \$56.8 million in FY 2015 to \$60.7 million in the approved FY 2016 budget. Below are the historical tax rates for Brazos County. The approved 2015 total tax rate is \$0.485 per \$100 appraised valuation.

**SALES TAX:** Brazos County voters approved a ½% sales tax. It comprises 14.5% of the total revenue and is the second largest source of general fund revenue. Sales tax receipts for FY 16 are budgeted at \$14.95 million which is estimated higher than for FY 2015 estimated and slightly higher than the FY 2014 actual of \$14.9 million.

**FEES, FINES & OTHER PAYMENTS:** Comprising 10.7% of total revenues, fines and fees represent the third largest other revenue other than the use of fund reserves. This category reflects fees charged for services such as copy fees, records management fees, administrative fees, and processing fees. Also included are fines assessed by the courts and bond forfeitures. The FY 15 estimated revenue of \$11.3 million is slightly lower than the FY 2014 actual of \$11.5 million. The FY 2016 fees, fines and other payments are projected to be slightly lower than 2015 year estimate.

#### GENERAL FUND MAJOR EXPENDITURE HIGHLIGHTS

Expenditures are divided into the following major categories:

- Salary and Wages
- Benefits
- Departmental Support
- Repairs and Maintenance
- Minor Acquisitions
- Contracts for Services
- Professional Services
- Community Contracts

- Capital Outlay
- Inter-fund Transactions

The FY 16 budget is approved by category format and allows for the departments to adjust funds between accounts within the operating category without court approval. This process allows the department greater authority over the management of the funds. Funds requested for transfer from salaries, fringe benefits, or capital outlay requires Commissioners' Court approval.

Salaries and fringe benefits comprise approximately 52.7% of total expenditures, followed by 10.8% of departmental support, 6.4% for repairs and maintenance, 0.3% for minor acquisition, 2.9% for contracts for services, 6.7% for professional services, contracts for community support make up approximately 7.8%, 3.9% for capital outlay and 7.9% inter-fund transfers.

#### SPECIAL REVENUE HIGHLIGHTS

Special Revenue funds are those funds for which the County collects revenues, fines, fees, etc. that must be used for a specific statutory activity. The Hotel Occupancy Tax fund represents 55% of the total special revenue funds, Courthouse Security Fund at 6% followed by the County Records Management Fund at 5. Each has been identified in the attached documents. The source of revenues has been disclosed as well as the related budgeted expenditures.

#### **GRANT REVENUE HIGHLIGHTS**

The Grant Funds specifically funded by state or federal agencies are to be used to supplement budget allocations and/or in support of services provided by County offices and departments. The Texas Capital Fund represents 40% of the grants, followed by the Metropolitan Planning Organization (MPO) at 11% then the total of TJJD grants represents 47%.

Since the 2008 economic downturn, local governments have been struggling to meet the increase in demand for services while grant funding from the federal and state agencies have decreased in this same time period. Although the local economy is showing signs of improvement, funding from the state and federal levels have not increased locally. Most of these grants pay for new or expanded programs and do not replace any current spending; therefore they offer little budgetary relief. The County has replaced funding for some of the programs that were funded wholly or in part by federal and state grants. Looking forward, all indicators consistently predict that this trend is likely to continue.

#### **DEBT SERVICE HIGHLIGHTS**

The Debt Service Fund accounts for the receipt of tax revenue and the disbursement of principal and interest associated with the County's debt. The tax rate set by Commissioners' Court is made up of two parts - "maintenance and operations" (M & O) and "interest and sinking" (I & S). M & O tax revenue may be used by the Commissioners' Court as deemed necessary. I & S tax revenue may only be used to pay principle and interest associated with County debt. The minimum required fund balance for Debt Service is \$2,484,200 to meet our commitment to investors, rating agencies and bond covenants. Approximately \$3.9 million in restricted fund reserves are projected at the end of FY 2016 for Debt Service.

A primary objective of the Commissioners' Court has been to manage debt financing in a manner that would allow the County to maintain its debt service tax rate at less than \$0.08 cents per hundred dollars valuation. However, to address the increase in jail population a general obligation bond of \$55 million was approved by voters during the November 2007 election. The debt rate increased to over \$.08 cents for fiscal years 2008 through 2011, and then in 2012 the debt rate was decreased to \$.0779 per hundred dollars of valuation.

In the fall of 2013 several bond issues were refinanced allowing for the debt rate to decrease slightly. For the calendar year 2015 the Debt Service tax rate is approved at \$0.0603 per \$100 of valuation, a slight decrease of \$0.0021 of \$0.0624 per \$100 valuation in 2014.

The total debt outstanding for FY 2016 is \$109,707,640 million, of that \$82.9 million in principal and \$26.7 in interest on the debt. \$9,572,974 represents the total debt service requirement for FY 16 of that \$6.1 million in principal and \$3.4 million is the total interest due on the debt.

#### CAPITAL IMPROVEMENT PROGRAM HIGHLIGHTS

Brazos County has been committed to developing a formal Capital Improvement Program (CIP). This program identifies the major capital needs for the county for the next five to ten years and provides a plan for funding present and future projects for roads, infrastructure, major repairs and upgrades to county facilities and the replacement of capital equipment including technological enhancements.

A Capital Improvement Committee (CIC) was formed and is responsible for reviewing departmental requests and proposing a five year Capital Improvement Program. The committee includes the following representatives:

- County Auditor
- Budget Officer
- County Engineer
- Director of Building Maintenance
- Director of Information Technology
- Purchasing Agent
- Commissioners' Court 2 Members

The overall goal of the CIC is to develop Capital Improvement Program recommendations that:

- Preserve the past by investing in the continued upgrade of county assets and infrastructure.
- Protect the present with improvements and/or additions to facilities, roads and capital investments.
- Plan for the future of the County.

The Capital Improvement Committee evaluates capital projects based on the urgency of the project, the readiness of the project, whether the project is suitable for separating into phases and whether the project is consistent with the overall CIP program.

#### **Capital Project Fund – General Capital Improvements:**

In 1994 The Commissioners' Court established a separate fund to provide accountability for the purchase of specific equipment to support departmental needs and to replace existing equipment as it wears down. During the capital improvement process, departments submit requests for funding for the next fiscal year and an additional 4 year projection of additional projects. Each of these requests are reviewed, evaluated and prioritized.

Top priority items have received funding. A total of approximately \$1.4 million is set aside for Facilities Services projects to replace building roofs and A/C units, and other maintenance projects. \$2.3 million is set aside to fund the replacement of an integrated justice software system.

Approximately \$76,990 was set aside to purchase copiers for various County departments. A maintenance contract will be used to provide service for the copiers. The projected savings to the County is estimated at \$400,000 over a 5 year period. This project is in the third year of funding.

The County allocated funds to continue its courthouse renovation project. The project is expected to be completed late in 2016 or early 2017. To complete Phase V of the Courthouse Renovation project, \$3.3 million has been appropriated in the general capital improvement fund Funding included in the general capital improvement fund comes from general fund tax revenues and is then transferred to the general capital improvement fund to cover additional costs associated with the renovation project. Funding of \$1.3 million for the Fleet Maintenance shop is also included.

#### **Capital Project Fund - Exposition Complex - Expansion:**

The County expanded the facilities at the Brazos County Exposition Complex. In October 2009, certificates of obligation were sold to fund the expansion. Debt service for the expansion will be funded through Brazos County's share of the Hotel Occupancy Tax revenues.

The County's Exposition Complex expansion project was substantially completed during 2011. The County issued \$12 million certificates of obligation in November 2009 to fund the project. Some hotel occupancy tax revenues were also used to support the construction costs. The total cost of the project expansion was approximately \$13 million. The project was designed to increase the capacity of the Complex to handle national events that have expressed interest in coming to the Brazos Valley.

The County intends to expand the Expo Complex by issuing debt of \$3 million. This third expansion will complete the east side of the South Arena by making it a full stall barn, build 5 bays of a new stall barn, add 125 additional parking spaces and 35 full hook up RV spaces, replace existing outdoor warmup arena and upgrade the sound system in the North Arena, East/West Pavilions. Additionally, there are smaller projects within this expansion that will increase the marketability of the facility to bigger out of county shows and events.

#### PROPRIETYARY FUND HIGHLIGHTS

There is one Proprietary Fund used to administer the County's health and life insurance activities for County employees, and for other entities that have elected to participate. The County has elected to self-insure its health insurance program and its group life insurance plan. Revenues for the fund come from employee insurance premiums funded by the participating entity and employee dependent premiums paid by the employee. A Medical Service department was created in FY 2014 to establish an employee clinic to serve all county employees and their dependents. The clinic is intended to help reduce health care costs for both Brazos County employees and their dependents carrying county insurance. The fund is balanced at \$14.7 million with an estimated fund balance of \$2.7 million at the end of FY 2015.

#### **SUMMARY**

Brazos County provides services to virtually all of its' approximately 210,570 residents. However, these services are more highly concentrated among individuals who find themselves in need of assistance or under the influence of the judicial system. Many services are provided directly through the various County offices. Others services are provided through cooperative arrangements with other non-profit organizations as well as the City of Bryan and the City of College Station.

The FY 2016 Approved Budget represents a balanced budget and demonstrates teamwork by the members of Commissioners' Court, elected officials, department heads, employees and citizens in this extensive and complex budgeting process. Brazos County continues its approach of prudent financial management practices by continually analyzing operating costs and encouraging departmental efficiencies. To all elected and appointed officials, department heads and staff, thank you for your hard work, dedication and cooperation during the FY 2016 budget process.

#### **BRAZOS COUNTY**

#### RESOLUTION LEVING A TAX RATE

#### FOR THE COUNTY OF BRAZOS

#### FOR THE TAX YEAR 2015

**WHEREAS**, the Commissioners' Court is responsible for the levy for adoption of a tax rate for Brazos County.

**NOW, THEREFORE, BE IT RESOLVED** that the Commissioners' Court of Brazos County, Texas does hereby levy or adopt the tax rate on \$100 of valuation for the County of Brazos for the tax year 2015 as follows:

**\$0.4247** for the purpose of maintenance and operations

## COUNTY HEALTH ENDOWMENT FUND

Commissioners' Court uses the County Health Endowment Fund to account for all financial resources associated with the establishment of the fund. The corpus of the fund was provided through the State's distribution of a portion of the "Tobacco" settlement in 1999. The earnings of the fund are budgeted for distribution each year in compliance with the purposes established by the Commissioners' Court.

The County established an endowment fund with the tobacco distribution received from the State in 1999. The Commissioners' Court placed \$2,000,000 in investments. At that time the Court decided that the interest earned from the investments and the amount expected as reimbursement from the State over and above the original \$2,000,000 would be available for appropriation. The Commissioners Court approved using \$2.5 million to fund the building of a new Tax Office during FY 2011.

The estimated cost for the Tax Office building and the infrastructure associated developing the site for construction of the building is approximately \$3 million. The Court has decided to finance the building with Certificate of Obligations anticipated to be sold during the fall of 2012. Approximately \$2.3 million is left from the initial transfer of the County Endowment Fund and will be used to fund general capital improvement projects instead of the Tax Office Building. Financing the building and infrastructure cost for the Tax Office follows the County's debt issuance practice.

## SPECIAL REVENUE FUNDS

Brazos County uses a special revenue fund to account for financial activity related to revenues and expenditures that are specifically the result of State legislative action. Each fund has established perimeters as to how revenues collected may be used, and the level of authority and control that Commissioners' Court may or may not have with regards to the funds. Fund accounting, therefore provides current as well as historic accountability. While the County anticipates that the funds available will be expended during the current period, it is not uncommon that funds will remain at the end of the fiscal period (fund balance). All funds remaining at year-end are appropriated to serve the next fiscal year's budget needs.

The Tax Code Section §352.002 (a) allows for the County to adopt a resolution imposing a two percent tax on a person who pays for the use of a room that is is a hotel/motel in Brazos County. The money in the fund is to be used in part on marketing projects that directly promote tourism, hotel, and convention activity. The funds will also be used to fund capital improvements as well as marketing operations at the Brazos County Expo Complex.

Funding and expenditures are restricted by both State statute and Commissioners' Court.

The Property Code §76.601 allows for the County Treasurer to establish a Fund into which the "unclaimed funds" of the County are deposited. The money in the fund is to be used to pay the claims of the persons who establish ownership.

All income derived from the investment of the funds may be used to pay for the expenses of administrating the fund - e.g. forms, notices, examinations, travel, court costs, supplies, equipment and employment of necessary personnel.

All income not required to support the fund is to be transferred to the General Fund.

Commissioners' Court has oversight responsibility for the fund.

The County Clerk and the District Clerk collect a \$15.00 fee assessed on all civil and probate cases filed in the County. The fees collected are used to both establish and maintain an Alternative Dispute Resolution Center in Brazos County. The funds are transferred to the Dispute Resolution Center the month following collection. The General Fund does not retain any portion of the fee for administration costs.

The purpose of the Center is to resolve disputes that do not require formal court action under Chapter 152, Texas Civil Practice and Remedies Code.

Funding is restricted by Commissioners' Court.

At various times during the year forfeitures of property occur from law enforcement activity with regards to the Sheriff's office. Such property may be cash and/or property. Property is required to be sold at auction. The County is required to maintain separate accountability of these funds and the funds are available to support the department awarded the forfeiture.

These funds are under the specific control of the Commissioners' Court and the department awarded the forfeiture. Use of the funds must follow existing State and County purchasing requirements prescribed by Article 59 of the Code of Criminal Procedure..

The County received funding from the State to provide resources to pay for voter registration costs. For funds received prior to August 31, 1991, the County was not required to return the balance to the State. After September 1, 1991, all funds received and not spent were returned to the State to be reallocated.

These funds are under the specific control of the Voter Registrar (the Tax Assessor/Collector) who is responsible for determining fund use. The funds are restricted in their use. The Commissioners' Court retains oversight responsibility.

The County collects ad valorem taxes on vehicles as they are sold each year. As the tax is collected, it accumulates in a separate account maintained by the Tax Assessor/Collector. At year end this accumulation is distributed to the various taxing agencies within the County. This depository account earns interest while the funds are on deposit; interest earned is retained by the County Tax Assessor/Collector.

This earned interest is specifically restricted by State statute. It may be used only by the Tax Assessor/Collector to provide funding for the efforts of the office in direct support of the collection and distribution of the Vehicle Inventory Tax under Section 23.122 (c), Texas Tax Code.

The County Sheriff's Crime Fund receives an equal cash contribution from the City of Bryan, City of College Station, and the Brazos County Sheriff's department. Prior to June 1, 2000, these funds were a responsibility of the District Attorney. The oversight of the Narcotic Task Force was changed to the Sheriff in 1999, and because of the relationship of these funds and the law enforcement activities the fiscal oversight responsibilities were moved to the Sheriff.

Brazos County, partnered with six neighboring counties incorporated the Brazos County Housing Finance Corporation on March 18, 1980. The Finance Corporation is public nonprofit corporation in accordance with the Texas Housing Finance Corporations Act, Texas LGC Chapter 394, as amended. It was created to provide decent, safe, and sanitary housing at affordable prices for residents of Brazos County and its neighboring counties.

<sup>\*\*\*</sup> During fiscal year 2012 the County determined the Housing Finance Corporation should be presented as a blended component unit of the county.

# FEDERAL & STATE GRANT FUNDS

Brazos County receives funding each year from the Federal government and from various State offices to assist in the funding of various elements of County activity. Funds are created to provide internal accountability of the grants awarded due to grant applications made by the County. Normally the funds are provided for a specific period for a specific purpose. While the County may budget that all the funds will be consumed during the current accounting period, it is not uncommon that funds will go unexpended and will be returned to the distributing agency. The majority of the grants currently in place require the County to provide financial participation at some level.

The County has entered into a year to year program with the Texas Department of Transportation to provide assistance in interdiction for Kids under 21 purchasing alcohol. The Grant calls for a \$50,000 support from the State. If the State does not provide funding, there is no requirement on the part of the County to support the activity. The Grant is monitored through the County Attorney's office. The County is responsible for 50% matching funds. Any unfunded requirements will be provided through the funds available in the "County Attorney Hot Check Administration Funds".

# CAPITAL PROJECT FUNDS

Brazos County at various times establishes Capital Improvement funds to track the costs associated with programs that have been authorized by the Commissioners' Court. The budget appropriations and related resources have been provided for the following:

## Capital Project Fund - Courthouse Remodel:

The project will have at least six phases and is expected to be completed in 2016.

## Capita Project Fund - Fleet Maintenance

The County has created a Fleet Maintenance Department to handle all vehicles repairs. A shop will be constructed and completed in FY 2016.

## Capital Project Fund - Exposition Complex - Expansion:

The County is expanding the facilities at the Brazos County Exposition Complex. In October 2009, certificates of obligation were sold to fund the expansion. Debt service for the expansion will be funded through Brazos County's share of the Hotel Occupancy Tax revenues.

Phase III Expansion will add half of stall barn to the east side of the South Arena, build 5 (five) bays of a new stall barn, add approximately 125 additional parking spaces, add 35 hook up RV spaces, replace existing outdoor warm up arena, upgrade sound system as well as other improvements to add additional facilities and equipment to improve marketing of the event facility.

### Capital Project Fund - General Capital Improvements:

The Commissioners' Court in 1994 established a separate fund to provide accountability for the purchase of specific equipment to support departmental needs, and to replace existing equipment as it wears down.

Commissioners' Court has approved a contract with a third party administrator to assist with monitoring and paying health insurance claims by employees and their dependents. In addition, employees are provided with a standard life insurance policy. The County is self insured.

To provide funding for this program, operational divisions are charged a monthly premium for each participating employee. Ad valorem taxes are used to fund this premium levy. Employees are required to pay for dependent coverage. There are participants additional to County staff who have elected affiliation with the program. These include retired employees, employees who have elected COBRA status, and employees of other governmental sub-divisions.

In addition, the General Fund provides funding for all retiree health costs.
